## Legend

Corporation =

a =

b =

c =

Dear :

This letter responds to a letter from you, dated November 8, 2004, requesting permission for Corporation to revoke its election under § 41(c)(4) of the Internal Revenue Code.

The represented facts are as follows:

Corporation is an accrual method taxpayer with each taxable year ending on a. In b, Corporation elected to utilize the alternative incremental research credit rules under § 41(c)(4) to compute the credit for increasing research activities (research credit). Before the due date of its return (including extensions) for the taxable year ending on c, Corporation submitted a request to revoke its election to determine its research credit under the alternative incremental research credit rules of § 41(c)(4) for qualified research expenses paid or incurred on or after the taxable year ending on c and all subsequent years.

For taxable years beginning after June 30, 1996, taxpayers may elect to determine their research credit under the alternative incremental research credit rules of § 41(c)(4). Section 41(c)(4)(B) provides that any election under § 41(c)(4)(A) shall apply for the taxable year in which made and all succeeding taxable years unless revoked with the consent of the Secretary.

Based solely on the facts submitted and representations made, we grant permission for Corporation to revoke its election to determine its research credit under the alternative incremental research credit rules of § 41(c)(4) for qualified research expenses paid or incurred during the taxable year ending on c. Corporation should compute the research credit for the taxable year ending on c and all succeeding taxable years using the general rule of § 41(a), provided that Corporation does not make a new election to determine its research credit under the alternative incremental research credit rules of § 41(c)(4) in a later year.

Except as expressly provided herein, we express or imply no opinion concerning the tax consequences of any aspect of any transaction or item discussed or referenced in this letter. Further, we express or imply no opinion concerning expenditures Corporation treated as qualified research expenses.

This ruling is directed only to the taxpayer requesting it. Section 6110(k)(3) provides that it may not be used or cited as precedent.

In accordance with the Power of Attorney on file with this office, a copy of this letter is being sent to the taxpayer. A copy of this letter must be attached to any income tax return to which it is relevant.

The rulings contained in this letter are based upon information and representations submitted by the taxpayer and accompanied by a penalty of perjury statement executed by an appropriate party. While this office has not verified any of the material submitted in support of the request for rulings, it is subject to verification on examination.

Sincerely,

**/s/**
